Research Interests

American Politics, Race and Ethnicity, Immigration, Majority minority, Voting Behavior, and Public Policy

Working Papers & Selected Academic Presentations

Working Papers

My Cultural Assimilation is Not Enough for Winning?: Survey Experimental Evidence from South Korea's Voting Choice (with Prof. Dongil Lee)

- This research examines how cultural assimilation impacts the electoral prospects of immigrant candidates in South Korea. To investigate this topic, I utilized a conjoint experimental method, designing and conducting the entire survey. (This study will be presented at the Korean Association of Regional Studies in Spring 2025.)

The Impact of Awareness of Power on Receptivity of Foreigners: Focused on the Legislative and Executive Branches in Korea

- This research investigates how attitudes toward the executive and legislative branches may influence public acceptance of immigrants in South Korean society. It was presented at the 23rd National Conference for Sociology Graduate Students (2024 Winter), and submitted as the thesis for my graduate studies at the KDI School.

Presentations

- | | |
|--|-------------|
| Young Generation's Perception of Fairness in Korea (Presented in English) | Summer 2024 |
| - This study explores factors beyond socioeconomic variables that contribute to young people's perceptions of inequality in South Korea. It was presented at the 11 th Korean Inequality Symposium. | |

Perpetuating Misperceptions about North Korean Defectors: Exploring Perceptions Regarding Growth and Distribution (Poster Session in English)

- | | |
|---|-------------|
| | Summer 2023 |
| - This study examines the factors contributing to more negative perceptions of North Korean defectors compared to other foreigners in South Korea, particularly in relation to views on growth and distribution. It was presented at the poster session of the Korean Economic History Society Summer International Conference. | |
